Olds Choral Society Scores Big Success

It was a large and delighted audience that greeted the Olds Choral Society when they presented the light opera "H.M.S. Pinafore" in the Opera House last Friday evening. From the time the captain stepped on board to the end, every number was applauded by the appreciative audience. In all, the presentation was a great achievement for an amateur organization and the whole cast were to be complimented on the way they presented this popular light opera.

Mrs. D. Grant as "Josephine" again endeared herself to a Didsbury audience with her delightful voice and splendid acting.

Mrs. L. P. Oliver took the part of "Little Buttercup" in an able manner. Her interpretation of the part and splendid singing left nothing to be desired, while Mrs. D. R. W. Mason as "Hebe" made a first-class leader of the "sisters, cousins and maids."

Mr. W. C. Gooder made a great hit as "Captain Corcoran." His singing and acting was of the high order and the audience showed their applause greeting each of his numbers.

Mr. Laurie Smith's interpretation of "Sir Joseph Porter" was splendid and his manner and airs were always "officially" correct.

The part of "Ralph Rackstraw" was capably handled by Mr. Alf Ashcroft and he made an ideal lover. W. D. Craig as "Dick Deadeye" and Stan Edwards as the "Boat-swain" both took their parts in a very creditable manner.

The choruses were rendered in a sprightly manner and too much

Stardale Municipal Council Meeting

At the council meeting held on Saturday, it was decided to cut the operating expenses down to a minimum during the season. The existing roads and bridges will be maintained to standard, but only new construction sufficient to earn the government grants will be made. The income grant for the year will be \$1,500 and the capital grant \$1,000.

It was pointed out that although a liability to the bank from last year will have to be taken care of, it was expected they would be able to reduce the mill-rate for the current year.

The hail insurance will be continued as in former years as there have been very little changes in the insurance act.

Miss Terry, of the hospital staff spent the week end in Calgary.

credit cannot be given to members of the chorus.

The costumes and stage settings were appropriate and showed that much care had been taken to make the production correct to the last detail.

After the performance, the members of the cast were entertained by the United Church Choir to a delightful supper and a very enjoyable social time was spent. Mr. Le Smith spoke and on behalf of the Choral Society thanked the Didsbury people for the splendid way they had received their performances. Mr. H. W. Chambers replied by saying he was sure the Society would be welcomed here on any future occasion.

LOCAL & GENERAL

So Ho Joe, of Robert Sask., is visiting his brother So Sang (Dunc).

Messrs. N. S. and Everard Clarke made a business trip to Calgary on Monday.

English Watches, Grandfather Clocks, and Chimes. Everything Ancient and Modern. Bring it to W. Monteith, North End Jeweller.

St. Cyprian's Anglican Church, May 31st: Celebration of Holy Communion 11:30 a.m. Rev. A. D. Currie, of Crossfield officiating.

A General Hospital for sick Watches, Clocks, Phonographs, Sewing Machines, Etc., Etc. In front corner of Club Lunch. All work guaranteed.—Advt.

"Africa Speaks" at the Opera House today. Matinee: 4:15 p.m. 35c and 15c. Evening: 8:30 p.m. 55c and 25c. Don't miss seeing this great educational all-talker.

Ken Maynard in his great first talking western "Fighting Thrill" at the Opera House, Monday, May 18th, 8:30 p.m. 25c to Everybody.

The Ladies Aid of Knox United Church will hold a visitors tea at the home of Dr. Clarke, Friday, May 15th (tomorrow) from 3 p.m. to 6 p.m. Come and bring a visitor with you.

At last! Special engagement of the greatest of all war films: "All Quiet on the Western Front." Come and see its vibrant characters spring to life on the screen. Be there with the boys and see what they went through. At the Opera House, Thursday, May 21st. 55c and 25c.

Sunday, May 17th, the second of the series in "Current Christian Thinking" will be given in Knox Church, the title being: "What has Christ done for Us?" No trappings will be read, or presents given away to those who attend, but there will be preaching that appeals to those who want to know what's what in Christian thinking today. Knox Church does not dodge new truths nor fear new facts.

A very timely family gathering took place last Sunday at the home of Mr. and Mrs. Chris Mack for the celebration of Mothers' Day. Those present were Mr. and Mrs. E. H. Berscht and family, Calgary; Mr. and Mrs. E. Mack and daughter of Nanton; Mr. and Mrs. Albert Mack and family, Calgary; Mr. and Mrs. Ed Berscht and family, Elkton; Mr. and Mrs. S. Wright and family, Elkton; Mr. Robert Curran, Calgary; Mr. and Mrs. Otto Klein, Didsbury and Mrs. Krueger, Swallow. Rev. H. E. Roppel was also present as an invited guest for dinner. Then during the noon hour, five of the visiting grandchildren were dedicated in Holy Baptism, Rev. Roppel officiating.

Mothers & Daughters Banquet By C.G.I.T.

The senior C.G.I.T. group held a very successful mothers and daughters banquet in Knox Church on Monday evening. The mothers were presented with carnations and sweet peas.

The banquet was followed by an interesting program on the theme "Life's Highway" as follows:

Chairman's remarks: Miss D. Ranton.
"The Country Strange & New": Mrs. Durrer.
"Our Travelling Companions": Miss M. Pearson.
"A Wayside Fire": Miss M. Geiger.
"Comrades On Life's Highway": Mrs. John Clarke.
Candle Lighting Ceremony led by Joyce Moyle and Mrs. Boorman.
The singing of "Taps" brought a delightful evening to a close.

"Pioneer" Want Ads. bring results

Inter-Schools Sport.

BOWDEN vs. DIDSBURY

Didsbury High School boys finally found out how to play ball at Bowden on Friday evening last. They took the Bowden boys into camp with the grand score of 18-3.

On the other hand, the Didsbury girls made a poor showing, the Bowden girls basketball team defeating them with a score of 16-2.

The executive of Didsbury Tennis Club would like to call the attention of members and players to the fact that the two courts are in good shape to play on. They would ask all members to get practised-up as soon as possible as a schedule will be drawn up as soon as the players have had a little practice. Join the Tennis Club and enjoy the fastest, cheapest and best summer sport. Gentlemen \$3.00. Ladies \$2.00.

Coming Events

St. Cyprian's W.A. will serve afternoon teas and hot suppers on Wednesday, 20th May at 3:00 p.m. at the home of Mrs. J. H. Lowrie. All golfers and half-holiday-makers welcome.

Canadian Legion B.E.S.L. First Annual Public Field Day & Sports: Didsbury Fair Grounds, Wednesday, June 3rd. See big posters for the Special Attractions. Dance in the Opera House, 9 p.m. Don't forget the date.

Field Day & Sports, Wednesday, June 3rd

The local branch of the Canadian Legion are making arrangements to put on a field day and sports on Wednesday, June 3rd.

The Legion intend to make the field day an annual event and no efforts are being spared to make it a success.

The grounds will be open at 11 a.m. and the sports will commence at 1 p.m. Free coffee will be served at noon to all who wish to bring picnic lunches.

The sports will consist of: baseball, softball, tag-o-war, novelty races, jumping, children's races and a special attraction, "Early Frontier Days," depicted by an Indian raid on a covered wagon.

A lunch for refreshments will be on the grounds and free ice cream will be given to all children.

In the evening a grand dance will be given in the Opera House. Full particulars of the sports may be obtained from Messrs. C. E. Reiber, or C. Mortimer.

"Pat" Burns Certain To Be New Senator

While no decision has yet been reached, gossip among Alberta members suggests the increasing possibility of "Pat" Burns, veteran cattle king of the west, going to the senate in the vacancy caused by the death of Senator Lessard.

A New Order Prevails

In the business and financial section of one of the most conservative (spelled with a small "c") papers in Canada we find the following paragraphs:

"That our present economic scheme is seriously at fault surely no reasonable person will deny. The existence of hunger and want in the midst of plenty—the fact that the existence of this abundance of supplies is itself responsible, at least in part, for our present condition, surely constitutes uncontrovertible evidence of our economic unsoundness.

"Argue as we may as to the respective responsibilities for the current depression of the various immediately contributory factors such as over-production and under-consumption of commodities, shortage of gold, hoarding of gold, demonetization of silver, tariffs, war debt, etc., the fact remains that our present economic system doesn't work. It functions increasingly poorly even in 'good' times; its breakdown is immediate and shocking when bad times recur."

The fact that Big Business, our industrial moguls and capitalists of finance, as well as the workers, now recognize this fact is, perhaps, the most hopeful sign of all. There was a time when everybody everywhere accepted "bad times" as inevitable sooner or later. But not now. The world is at last coming to a realization of the truth that many of our economic ills are largely man-made, and, therefore, capable of both prevention and cure by man-made methods. Cure and prevention will not be brought about by any one magic formula, nor can it be accomplished overnight. The process of developing solutions may be slow and painful. We will probably have to discard many pre-conceived ideas, and accept policies formerly rejected as impracticable and utopian.

For example, there is a growing acceptance of the fact that the old idea of nationalism as opposed to internationalism must give way. The Great War has taught all nations at least one lesson, namely, that no one nation can live unto itself alone; that, on the contrary, each nation is dependent on other nations whether they like it or not. Recognition of this fact led to the creation of the League of Nations to direct the world's thought in relation to matters of peace and war. Deliberations of the League Assembly soon revealed that the issue of peace or war was not confined to the solution of racial problems, or the adjustment of boundary disputes, or the eradication of designs by one nation on another for purposes of gain and glory. The maintenance of peace, or the outbreak of war, was found to depend, in many cases, upon the illiteracy of a people, upon the social conditions under which they lived upon their sharp contrasts of great wealth on the one hand and grinding poverty on the other, upon their ability to sell and buy what their necessities demanded they should buy. Hence the League of Nations today is scientifically studying every conceivable subject in relation to the welfare of all nations and races.

This lesson was not learned at once, and immediately following the Great War nations everywhere adopted policies with a view to molding themselves self-contained. Where one adopted policies to that end, others followed, instead of recognizing and profiting by the lesson taught by the war, they ignored it and went to extremes. That is one of the outstanding reasons for and causes of the present world depression and stagnation in business. A man conceivably can live and enjoy an existence on his own farm, refusing to have any relations whatever, business or otherwise, with his neighbors, but he will deny himself all the enjoyments, refinements, and many of what we now regard as the necessities of life. Never will he become prosperous. And so it is with nations.

As Miss Agnes McPhail, M.P., told the recent Teachers' Convention in Saskatchewan, the world is facing an entirely new order. Instead of continuing our thought and our policies to an extreme nationalism, we must become internationally minded. She declared that most people were internationally illiterate, and were not conversant with conditions existing in the world and the relation which one part bears to the other. People have not kept pace with the trend of the times, whereby the day of the self-contained and independent nation has given place to a new era of inter-dependence of nations. And because we have not realized how completely the world is inter-dependent, we are still trying to solve our problems with yesterday's methods. They won't work because the world has moved to a new condition; the old is gone forever.

We must take that lesson to heart, and govern ourselves accordingly. We cannot be prosperous if other nations are not. Their prosperity is absolutely essential to our own well-being.

CORNS

Lift off - No Pain!

QUICK RELIEF

Just a drop or two of Putnam's on any sore corn and out comes all the pain. The corn shrivels up and drops off. No scar, no pain, no pinching from tight shoes. You can dance or walk in comfort. Use only Putnam's Corn Extractor. Satisfaction guaranteed. Sold by druggists everywhere.

PUTNAM'S

Find Centuries Old Trees

Discovery Is Made Of Ancient Buried Trees In Quebec

Quite recently some white birch trees which had been buried for centuries were discovered in the vicinity of the village of Rivière St. Jean, Quebec, by a field officer of the Topographical Survey, Department of the Interior. The remarkable thing about these trees was their state of preservation. Specimens were presented to the Forest Products Laboratory, Department of the Interior, at Ottawa, whose officers state that preservation was due to a surplus of water and a deficiency of air conditions inhibiting the growth of wood-decaying fungi.

Good News For Aviators

Device To Keep Ice Off Wings Of 'Plane Is A Success

Victory was reported at Akron, O., over one of the aviator's most dangerous enemies—ice that forms on the wings of his aeroplane and sometimes causes it to be wrecked.

Through low-hanging clouds, at freezing temperature and an altitude of 2,000 to 3,000 feet, Charles Meyers, of Cleveland, piloted his aeroplane, which was equipped with rubber "overshoes."

The overshoes—pouches of a specially treated rubber fabric fitted over the leading edges of the "plane and wings and struts—were made to "breathe" as the ice formed on them as they breathed the ice crumpled away.

The inflation and deflation, which worked like a man's lungs, were created by a motor-driven air pump in the cockpit.

SAVED IMPORTED DRESS

"After a little wearing, a lovely green voile—an important dress—lost color so completely that it was not wearable. A friend who had admired it asked me why I wasn't wearing it any more. On hearing the reason, she advised dyeing it, and recommended Diamond Dyes. To make a long story short, it turned out beautifully. I have a lovely new dress that really cost just 15c—the price of one package of Diamond Dyes."

"I have since used Diamond Dyes for both tinting and dyeing. They do either equally well. I am not an expert dyer but I never have a failure with Diamond Dyes. They seem to make so they always go on smoothly and evenly. They never streak or run; and friends never know the things I dye with Diamond Dyes are dyed at all."

Mrs. R. F. Quebec.

Reciprocal Trade

Would Refrain From Advertising Dominion Products In Britain

"R. H. H. J. H. Thomas, secretary for Dominion Affairs, was asked by a questioner in the British House of Commons to consider the advisability of refraining from further advertising Dominion's produce on Empire Marketing Board handbills in Britain, "inasmuch as advertising whereby similar advertising of British goods can be shown in the Dominions."

The minister replied in the negative. The questioner, he added, "is asking me to agree to something that would be a violation of the bargain we have made with the Dominions. I am endeavoring to ask them to reciprocate in other ways, but to say that unless you do it we refuse to give you the effect of the part in the bargain, is rather wide."

Wonderful For Indigestion!

When your stomach feels bad; when Gas, Bloating, Stomach or abdominal pain make you feel miserable—a single dose of this wonderful Mignosa will bring about instant relief!

For Indigestion, the prompt effectiveness of MIGNOSA is really wonderful. Even the most obstinate cases quickly respond. Pleasant and refreshing in use. Ask your druggist.

The average height of an Englishman is 5 feet 9 inches, of a Frenchman 5 feet 4 inches, and of a Belgian 5 feet 6 1/2 inches.

Miller's Worm Powders destroy worms without any inconvenience to the child, and so effectively that they pass from the body unperceived. They thoroughly cleanse the stomach and bowels and leave them in a condition not favorable to worms, and there will be no revival of the pests.

ENO'S FRUIT SALT

Doctors Warn Against Drastic Purgatives

Physicians know the danger of using cheap cathartics that create a harsh, unnatural intestinal activity. They know that ENO'S "Fruit Salt" is more than a laxative. It is a delicious health beverage that sweetens and tones up the entire system—and that its daily use—just a dash in a glass of water, every morning—is an aid to vigorous good health.

An Unfamiliar Country

Few Canadians Know Very Much About Argentina

Canada stretches across the north half of North America. Argentina occupies the greater part of the southern extremity or "tail" of South America. Argentina's length from north to south is approximately two-thirds of Canada's from east to west. Its population is perhaps a million greater than Canada's. Its largest city, Buenos Aires, is three times the size of Toronto, and with its 2,225,000 inhabitants, ranks as the world's eighth. They are (in millions of population): London, 7.74; New York, 6.92; Berlin, 4.01; Chicago, 3.57; Paris, 2.83; Osaka, 2.40; Tokyo, 2.29; Buenos Aires, 2.22. Argentina has four other cities larger than Hamilton, Ont., ranging in population from 160,000 down to 170,000, whose names (Rosario, Cordoba, Avellaneda, and La Plata), are quite unfamiliar to the average Canadian reader. But the opening of the British Trade Exposition in Buenos Aires, and the visit of the Prince of Wales to Argentina, has drawn all eyes to that far and unfamiliar country—Toronto Star.

Volume Of Eskimo Poems Just Published

Translated Into English By Arctic Explorer Should Be Interesting

Knud Rasmussen, the Arctic explorer, has sprung a surprise upon the world. He has celebrated his return to civilization, after many years of wandering in the wilds, by publishing a volume of poems by Eskimos.

It will be interesting to see the poems in English. We may be sure Rasmussen has presented them worthily in print, for, with his European education, he has the advantage of being himself half an Eskimo; and so thoroughly understands his subject.

It seems natural for primitive people to talk of wild picturesque poetry, unrhymed, but full of beauty and imagination, such as we see fixed for all time in the musical names which the Red Indians gave to rivers and lakes and mountains in their native land.

It will be remembered by some that scholars have declared the Eskimo language contains only about twenty hundred words which should add greatly to the labors of the poets.

Was Weak and Run Down

Could Scarcely Do Housework

Mrs. Edward A. Allen, Beausart, Alta., writes: "I would like to tell you of the great benefit I have received from your Milburn's Heart and Nerve Pills. I was feeling very much run down in health, and was so weak I could scarcely do my housework, in fact, I would have to lie down in the afternoon for an hour or so. I saw your Pills in the drug store and took a box home with me, and I was delighted with my renewed strength. I have recommended them to a neighbor and feel sure they will help her too."

Sold by all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Need For Adjustment Of Weights Of Hogs Marketed To Conform To Requirements

Time and experience are great teachers—but only for intelligent people. The official grades for hogs have been established a considerable length of time and production and marketing under the system have now been carried on during wide variations in conditions both as affecting production and the manufacture and distribution of the product.

Five years conditions in production were such that producers were all the time inclined to put their hogs on the market in a somewhat unbalanced condition. The results were too big a percentage of light hogs and many otherwise good hogs within the prescribed weights yielding lean bellies. As the belly makes the valuable breakfast bacon this weakness in the product was important.

In a system of grading hogs alive the determination of whether a belly was finished or not was exceedingly difficult. However, comparisons of live gradings with dressed tates revealed the fact that most of the thin bellies came from the lighter hogs within the bacon grades. Therefore, to secure the proper quality in the high grade product, it was agreed to raise the minimum weights of the bacon grades ten pounds.

But producers were anxious to maintain the spread between the minimum and maximum weights of the grades and it was at the same time agreed that the maximum weights should also be raised ten pounds. Packers always recognized that the inclusion of these heavier weights within the better grades of hogs was dangerous, because demand for hams, backs or breakfast bacon for the domestic market or of Wiltshire side loins for the export market of the weights that hogs from 220 to 250 lbs. yielded was very limited at the best prices. However, as the numbers of hogs of these weights were not at the time in such great supply as to constitute a burden, the producers' requests were acceded to. And as long as these conditions prevailed no harm was done.

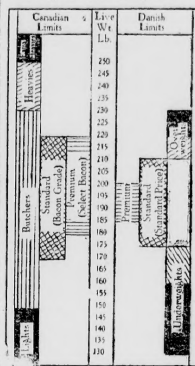

This year we have run into producing conditions which have proved that in the effort to correct the former condition the proper limit of weight was over-reached. An excess of weighty hogs in all of the three main grades has seriously affected the sale of the product and has been a very depressing factor in the market. It is also very dangerous from the standpoint of our prospective entry into the export market.

There is, therefore, a need for an adjustment of the weights of the bacon and select loins grades to 250 to 220 lbs. at the farm or feed and watered, and of the butcher grade to 150 to 220 lbs. and when and if conditions should in the course of some years again make desirable a slight swing of 10 pounds in the weights it would appear reasonable that arrangements should be made so that this could be done expeditiously. But producers plead that there should be stability in the weights for each grade. Insistence on absolute stability will not work to the advantage of the producer or of the industry as a whole, but if this view is to prevail then undoubtedly the weights will require to be moved back to those that will, on the average, give the desired product, and he left there. The weights from 180 to 220 lbs. at the farm, or fed and watered, yield the Wiltshire cuts from 55 to 65 lbs. that are in demand and the weights of hams, bellies, backs and loins that are most desired by the domestic consuming trade. Then, when feeding conditions change and there is again a tendency for considerable percentages of unfinished hogs to come to market, these will have to be excluded from the higher grades by rigid grading of the lower weights for quality.

In connection with standards of weights the accompanying chart showing a comparison of ours with the Danish standards is very illuminating. The Danish standards, it will be noticed, are very much narrower than ours. Their standard grade is a live basis weights from 175 to 210

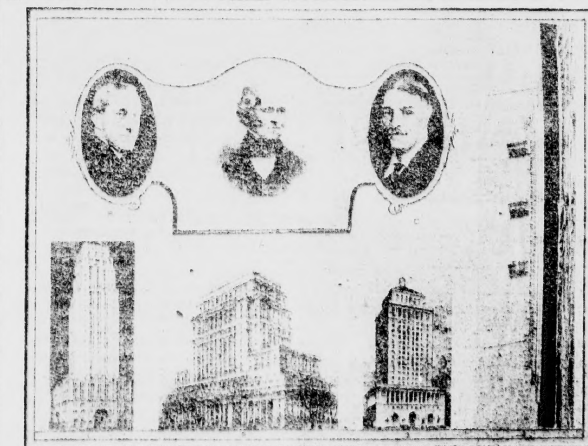

lbs., and their premium hog only from 185 to 200 lbs. The Danes discount all hogs under 175 lbs. and over 210 lbs. These weights are calculated from dressed weights at the factory and would be for reasonably empty hogs. They would correspond more nearly to our weighed off car weights, which are ten pounds lighter than our farm or feed and watered weights.

Hog Grades Compared

The chart compares the weight limits of the official grades of hogs in Canada and Denmark. It will be noticed that the grade equivalent to our "Select Bacon" for which the Danes pay a premium has a spread of only 15 pounds—from 185 to 200 lbs. against our 40 lbs. The Danish standard grade, equivalent to our bacon grade, has a spread of only 25 lbs. against our 50 lbs. There is no grade in the Danish system equivalent to the butcher, but over-weights and underweights start directly from the standard with, in each case, a discount in price. The Danish grades do not provide any places for hogs under 130 lbs. or over 230 lbs.

The world's earliest farmers lived in the New Stone Age about 10,000 years ago.

A. SIR SAMUEL CUNARD, Founder of the Cunard Line.

B. SIR PERCY E. BATES, Bart., G.B.E., Chairman of the Cunard Line.

C. R. W. REFORM, Esq., Canadian Director of the Cunard Line.

The above photograph gives some idea of the immense size of the new Cunard liner at present under construction. If the line of the ship would be more than five hundred feet higher than the top of the highest building in the British Empire.

Also pictured above is Sir Samuel Cunard, born in Halifax, N.S., who founded the Cunard Line in 1810. The present chairman of the Line is Sir Percy Bates, Bart., G.B.E., while R. W. Reform, of Montreal, is Canadian resident director of the company.

CHINESE MURDER MISSIONARY

Mrs. Victoria Miller of Glendale, Calif., who was one of two women missionaries reported murdered at Yamanfu, China, while they slept, by hatchet blows believed delivered by discharged servants.

Market In the Orient

Sees Solution Of Economic Problem In Trade With Asia

Asia was the unexploited part of the earth toward which industry should now bend all its efforts for marketing, R. J. Cromie, publisher of the Vancouver Sun, declared before the Advertising Club of Montreal, recently. Bankers of the world should find a way of re-establishing silver at some fixed level of value or giving Asiatic people currency that would be good for world commerce in order to facilitate their buying, the speaker declared.

"A sick world economically is no different from a sick industry or a sick financial institution, and there is little difference in the treatment required, except that to cure successfully depressed world conditions it is necessary to think in an international way. You and I as an individual are helpless to restore the buying power of silver countries like China and India, which will in turn restore the buying power of Europe, and set in motion the huge surpluses that are piled up all over the United States and Canada. And the world's business depression will not be lifted until we start these surpluses moving," Mr. Cromie said.

Canadian Copper Ore

Copper ores of various kinds, including the native metal, are found at many places throughout Canada, but only the sulphate ores are commercially important.

Splendid Services Of The Community Doctor In West Noted By American Investigator

Western Indians Are Raising More Stock

Industry Has Developed Rapidly In Last Few Years

The stock-raising and farming of the Indians of the western provinces has developed rapidly in the last few years, says W. M. Graham, Indian commissioner.

Thirty-five bulls were purchased at Regina and 11 at Brandon, he stated, and a large number were bought at the Calgary Fair.

"These bulls are paid for from a fund created by the Indians themselves," he said. "Each Indian pays so much into the fund every time he disposes of an animal from his herd. It is well known that the Indians have some of the finest cattle in the Western provinces and have taken prizes at many shows held at different places."

"They own more than 20,000 head and dispose of between 3,000 and 4,000 head every year. The estimated calf crop this year is expected to be between 6,000 and 7,000 head."

Demand For Better Beef

Well Finished Young Cattle Means Money To The Producer

The beef grading service of the Dominion Department of Agriculture, which is closely in touch with consumer preference for beef, recently stated: "One thing clearly apparent in the market at the present time is the demand for better beef." The market preference today, the Department adds, is for well finished young cattle weighing around 500 to 550 lb. live weight, dressing out around 325 lb. This type of animal, properly finished, means money to all concerned.

Spence and Robson Cores

The cones of the spruce hang down from the branches; those of the balsam fir (or "balsam") stand upright. The species are thus easily distinguished when the trees are bearing cones, states the Dominion Forest Service of the Department of the Interior. The two species mentioned are the ones chiefly used in the manufacture of wood-pulp.

The human body is 60 per cent. water.

The community doctor serves 32 rural communities in Saskatchewan on a full time or part time basis, according to a report made by Dr. C. Rufus Rorem to the committee on costs of medical care, at Washington, a private organization which is making a five-year survey of the financial end of medicine. These Saskatchewan country doctors as well as three physicians employed for their full time by three municipalities in Manitoba, are paid out of public funds.

Dr. Rorem in his report says: "Saskatchewan has for some years taken the lead in the Dominion of Canada in the matter of sanitation, immunization against contagious diseases and other preventive measures and has recently inaugurated a system by which all residents of the province requiring hospitalization for tuberculosis may receive both institutional and medical care at no direct cost to themselves."

Municipal doctors, Dr. Rorem found, were usually hired when communities found their existing medical services were inadequate or too costly, or when physicians who had previously served them died or moved away.

Dr. Rorem said the average salary of the full-time physicians in Saskatchewan is \$4,000 and to this many physicians were able to add considerable sums through fees which they were allowed to charge. "In a general way," he said, "physicians appear to consider their net incomes are larger under the municipal doctor system than in private practice in the same locality."

No rural municipality which had adopted the municipal doctor system has gone back to the private practice basis.

Preference For Canadian Wheat

Britain May Make Offer Of Coal In Exchange For Wheat From Dominion

Quota preference for Canadian wheat in the British market in exchange for a Canadian market for British anthracite coal will be one of the proposals advanced by the British Government at the Imperial Conference to be held in Ottawa during the summer, according to an editorial forecast in the London Daily Express.

"Well done, Socialists," comments the editorial, in reference to the presumably reliable report that the Labor Government intends to give the British farmer a quota on his wheat. Under the proposed scheme the use of at least 15 per cent. British flour in all bread would be made compulsory. But the newspaper anticipates the government will not step there. "They have every intention," it says, "of going to the Imperial Conference at Ottawa this year, determined not to repeat last year's fiasco. Canada too will be offered a wheat quota. The price asked will be a Canadian market for British anthracite coal."

First Woman Flier

The first female aeronaut was one Mutant Tibbe or Tibble. She rode the pouter Pouter about a half hour, called the Gustave, which ascended at Lyons, France, on June 4, 1784, in the presence of the royal family of France and the King of Sweden.

"Was it a dangerous operation?" "What! Do you think a doctor would perform a dangerous operation for 15?"—Gulliver, Madrid.

AN OPPORTUNITY TO HOLDERS OF EARLY MATURING
CANADIAN GOVERNMENT BONDS
TO EXTEND THE TERM OF THEIR INVESTMENT IN
THE PREMIER SECURITY IN CANADA

GOVERNMENT OF THE
DOMINION OF CANADA
1931 CONVERSION LOAN

The Minister of Finance of the Dominion of Canada offers to holders of the undernoted Dominion issues the privilege of exchanging their bonds into longer dated issues, in the following terms and under the following conditions:

This offer affords to holders of bonds eligible for conversion, the same interest payment and tax-free privileges, for the life of and as contained in the present bonds, and the opportunity of extending the term of the investment at 4½% per annum.

WAR LOAN 5% BONDS MATURING 1st OCTOBER, 1931—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1956, bearing interest from 1st April, 1931. The first coupon will be for six months' *tax-free* interest at the rate of 5% per annum payable 1st October, 1931; the second coupon will be for seven months' interest at the rate of 4½% per annum payable 1st May, 1932; thereafter to maturity interest will be payable half-yearly at 4½% per annum.

RENEWAL LOAN 5½% BONDS MATURING 1st NOVEMBER, 1932—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1957, bearing 4½% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds three adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, for additional interest at the rate of 1% per annum.

VICTORY LOAN 5½% BONDS MATURING 1st NOVEMBER, 1933—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1958, bearing 4½% interest payable half-yearly from 1st May, 1931. The first five interest coupons, being those to and including 1st November, 1933, will be *tax-free*. There will also be attached to these bonds five *tax-free* adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932 and 1933, for additional interest at the rate of 1% per annum.

VICTORY LOAN 5½% BONDS MATURING 1st NOVEMBER, 1934—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1959, bearing 4½% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds seven adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, 1933 and 1934, for additional interest at the rate of 1% per annum.

Conversion applications in the terms of the foregoing are limited to a total of \$250,000,000. The Minister of Finance reserves, however, the right to increase or decrease this amount at his discretion.

Subscriptions will be received and receipts issued by any branch in Canada of any Chartered Bank and by recognized Canadian Bond Dealers and Stock Brokers, from whom may be obtained application forms and copies of the official prospectus containing complete details of the loan. Applications will not be valid on forms other than those printed by the King's Printer.

The subscription lists to the foregoing will open on 11th May, 1931, and will close on or before 23rd May, 1931, at the discretion of the Minister of Finance.

Didsbury Lodge No. 18, I.O.O.F.
Meets the 1st and 3rd Thursday in each month.

LOCAL & GENERAL

Mrs. Harry Gibson, who underwent an operation on Saturday is progressing very favorably.

Mr. H. Morgan returned from Winnipeg Friday where he attended the Postmasters Convention.

Messrs. W. A. Austin and Frank Kaufman were business visitors to Calgary on Tuesday.

Miss Annie Pelechaty left this week for a visit to her home in Killarney, Manitoba.

Messrs. C. Adshad, W. A. Teskey, J. H. Lowrie and E. Ford attended the General Motors Convention at Calgary.

Hugh Shantz the 10 year old son of Mr. and Mrs. J. V. Shantz was operated on for appendicitis at the Didsbury Hospital on Saturday.

At the General Motors convention held in Calgary on Monday, Mr. C. E. McTavish, general parts and service manager, of Oshawa presented five outstanding garagemen with a service button for shop efficiency and neatness of premises. Mr. E. D. Ford, of the Adshad Garage was one of the recipients.

Mr. and Mrs. Allan Good, of Portland were renewing old acquaintances here this week. They are on a colporteur tour of western Canada and the U.S. which they expect to last for two years.

Fishing season opens tomorrow and one hears quite a few fish stories going around right now. Tommy Johnston says he is holding the catches the biggest one over the week end. Bert Fisher is looking dates for weeks ahead.

T. Jonhson, W. G. Leisemer, G. E. Reiber, H. Leisemer, J. H. Lowrie, Hugh Lee, Ross Ford and Alex McNaughton and in fact all the other sports in town went down to Calgary last Thursday to witness the wrestling match.

Thursday, May 7th was graduation day at the University of British Columbia when Alex. Hendry, jr., a former pupil at Melvin Public and Didsbury High Schools graduated with the degree of B.A. He has now accepted a position in the Foreign Exchange Department of the Bank of Toronto, Vancouver. Alex. Hendry, senr, has been presiding officer of the Vancouver Stock Exchange for the past two years.

Rev. A. E. Hayes said in the course of announcements Sunday evening at Knox Church that a traveller had told him this story and he would pass it on. In a certain Ontario town, due to depression the local church was having difficulty in meeting its financial obligations. During the annual meeting the owner of the grist mill of the town appeared and after considering the affairs of the church offered to be financially responsible for the budget for the ensuing year. This offer was accepted and during the year all debts paid. At the next annual meeting the grist mill owner asked if the finances had been conducted in a satisfactory manner. They had. "Anybody hurt over it?" he asked. "Nobody was hurt. Then he was asked how he did it. He replied: "You people paid the bills when you brought your wheat to the mill. I just took out so many bushels and put them into the Church Bin. You admit you are none the poorer. Now this year put your subscription directly into the church treasury and get full credit for what you do. I have proven that you can take care of your church's obligations and really not feel it even during a hard year."

NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF HIRAN EARL late of Didsbury in the Province of Alberta, retired farmer, deceased.
Notice is hereby given that all persons having claims on the estate of the said Hiran Earl who died on the 18th day of February, 1931 are required to file with the undersigned by the 25th day of June 1931 a full statement duly verified of their claims and assets held by them and that after that date the executor will distribute the assets of the deceased amongst the parties entitled thereto, having regard only to the claims of which notice has been so filed, or brought to their knowledge.
Dated this 1st day of May, A.D. 1931.

W. A. AUSTIN,
Solicitor for the Executors,
Didsbury, Alberta.

WORLD HAPPENINGS BRIEFLY TOLD

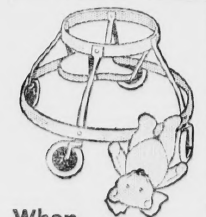

Air mail can now be sent from London to Jamaica, by way of Miami to Kingston, in 11 to 12 days.

No serious obstacle will be raised by the Alberta government in connection with a proposed \$100,000,000 power scheme to use waste gas.

Hon. Herbert Markle, Canadian minister to Japan, will arrive in Vancouver on May 14, and will leave for Ottawa May 16.

A silver pitcher, which was worth approximately \$50, when Samuel Peppe, the Queens district, used it, was auctioned for approximately \$7,500.

More than 8,600 workmen of the naval dockyards and arsenals were discharged as a consequence of reduction of activities under the London naval treaty.

When BABIES are Upset

BABYs and ailments seen twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. And regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

Fletcher's CASTORIA

Canadian Radio League

Support For Proposal To Form Two Railway Broadcasting Systems

Declaring that the British Broadcasting Corporation was established to give the British Government control of a war propaganda machine, and strongly opposing a national broadcasting system, J. Murray Gibson, of the C.P.R., Montreal, has announced in an article published in the Canadian Forum of Toronto, support of the proposal to form two railway broadcasting systems. Mr. Gibson is general publicity agent of the C.P.R., under whom C.P.R. broadcasting is administered.

Mr. Gibson endorses the proposal of R. W. Ashcroft, of the Gooderham and Worts Station, Toronto, that the C.P.R. and C.N.R. each have a system. "It is the most practical proposal so far suggested," he states. The private system would carry advertising and would not require a government subsidy. The public system, he proposes, would carry the educational programmes and it is his opinion that it would only interest ten per cent. of the listeners. Mr. Gibson is convinced that it would certainly need a subsidy at the expense of the taxpayers.

There is a superfluity of small private stations, says Mr. Gibson, and he advocates a re-allocation of wavelengths between the two railway networks. The small stations split up wavelengths and have permitted offensive direct advertising, but "to eliminate advertising from the air would deprive more than half the population of what they want, to provide intellectual solace for a few," he stated.

According to published B.B.C. programmes, Mr. Gibson says advertising is broadcast in Britain and the contention of the Canadian Radio League that no advertising is carried, is not borne out. The increase in the number of British listeners he says, is not due entirely to the popularity of B.B.C. programmes, but to the knowledge that an up-to-date set provides reception for continental programmes.

Mr. Gibson examines the financing of broadcasting in North America, and says that Canadians get \$20,000,000 worth of entertainment from American stations, and \$2,000,000 worth from Canadian. A generous estimate of the cost of talent in North America, he says, that would be required for programmes equivalent to those of the B.B.C. would be \$2,000,000. "It is because the half million Canadian radio fans have access to \$20,000,000 of entertainment that the Canadian radio business has been fairly prosperous in a period of general financial depression."

The Terror Of Asthma comes like a thief in the night with its dreadful throttling, robbing its victim of breath. It comes beyond the power of human aid to relieve until one trial is made of that remarkable preparation, Dr. J. D. Kellogg's Asthma Remedy. Then relief comes with a rush. Life becomes worth living, and if the remedy be used persistently, the disease is put permanently to rout. Take no substitute.

On Threshold Of Discovery
Dr. John Anderson, formerly of the London school of tropical medicine, died at Shanghai, China, after an operation, just when he believed himself to be on the threshold of a crowning achievement in his research into cerebral spinal meningitis. It is understood he succeeded a short time before in isolating the meningitis germ.

Your Home Medicine Chest.—Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Electric Oil. Its manifold usefulness in relieving pain and healing sickness is known by many the diseases through out the land. Always use Dr. Thomas' Electric Oil for relieving rheumatic and neuralgic pains, treating sore throats and chills, coughs, burns, scalds, cuts, bruises and sprains.

Dream May Be Realized
Dr. Hugo Eckener, Zeppelin commander, made America goodbye seeing realization of his dream of scheduled trans-Atlantic airship flights by 1933. In ten years, Dr. Eckener believes, two sailings a week in either direction will be made.

Japan is launching several irrigation projects.

DEPRESSION

"I'm a different woman"

"Two years ago I began to get depressed, and everything was too much trouble for me. I was a wife to myself and everyone around me. I was advised to take Chamber Salts by my friend who said it was the same as Kruschen but it did me no good, so at last my husband got me a bottle of Kruschen and no one would realize the different woman I am. I have been taking Kruschen now constantly for two years. My daughter also would not be without it. I have got my neighbour to take Kruschen as well and she has found its worth as she feels a different woman."

(Mrs. G. A. K.)
The commonest cause of depression is partial constipation, an invidious complaint because the sufferer is seldom aware of it. It means the gradual accumulation of toxic poisons which dull the mind, damp the spirits, sap the nervous strength and lower the whole vitality.
Kruschen Salts make constipation impossible. Therefore, if you keep to Kruschen you need never know the meaning of indigestion; never feel "nervy" or depressed.

Granny Rides a Motorcycle

Sixty-Year-Old English Woman Is Quite An Enthusiast

In the face of the displeasure of her grandchildren, Mrs. Clara Brown, aged 60, recently rode from Leamington to London on her motorcycle to attend the annual dinner of the London Ladies' Motor Club, in honor of Sir Malcolm and Lady Campbell and other racing drivers. She rode in overalls and waders, with her dinner gown strapped on the handle bars. Three years ago Mrs. Brown took part in a six-day motor trial and recently won a Concours d'Elegance, wearing a riding outfit which she made herself.

HEADACHES

Needless pains like headaches are quickly relieved by Aspirin tablets as millions of people know. And no matter how suddenly a headache may come upon you, you can always be prepared. Carry the pocket tin of Aspirin tablets with you. Keep the larger size at home. Read the proven directions for pain, headache, neuralgia, etc.

Synthetic Air

Better Than Natural Air, According To Scientists

Science believes it can give mankind synthetic air to breathe that is better than the natural atmosphere, the American Chemical Society was told.

Professor J. W. Hershey, McPherson College, McPherson, Kas., said experiments have shown that life can be sustained more healthfully with a chemically concocted atmosphere, which can be manufactured and introduced in other buildings, airplanes and submarines, than with the nitrogen-oxygen that surrounds the world.

Experiments with white mice showed that in some cases they lived more healthfully in helium-oxygen than in nitrogen-oxygen, Professor Hershey said.

A strangely mottled discolorization which attacks otherwise healthy teeth of children in certain parts of the country, notably Texas, is due to the chemical element fluorine, according to R. V. Churchill, who described his investigations before the convention. The fluorine discolorization, which apparently does not cause tooth decay but is located under the enamel, comes from the fluorine element sometimes present in drinking water, Churchill said.

Persian Balm is a sheer delight to use. Cools and relieves irritation caused by weather conditions. Imparts a rare charm and beauty to the complexion. Fragrant and velvety smooth. Never leaves a vestige of stickiness. Swiftly absorbed by the skin and stimulates the skin. Persian Balm is the perfect toilet requisite. Every woman will appreciate the subtly distinctive charm achieved by the use of this magical lotion.

SELECTED RECIPES

FLORADORA PIE

- 2 cups pineapple diced.
- 3 tablespoons butter.
- 3 tablespoons Emsen's Corn Starch.
- 1 cup coconut.
- 1/2 cup sugar.
- 4 egg yolks.
- Juice and rind of 1 lemon.
- 1/2 teaspoon salt.

Blend the sugar with the corn starch and add to the malted butter. Stir in the other ingredients and cook until thick in a double boiler. Put in a baked crust and cover with meringue.

The leaning tower of Pisa was never upright because the foundation began to sink before the construction was completed.

Mountain View Notes

Seeding operations will soon
be completed and grain is up in
some spots.

Mrs. H. Reynolds arrived from
Calgary on Tuesday and is visit-
ing in the district.

Instead of dust these days,
housewives are pestered with
large flies and screen-doors are
in great demand.

Some of the residents were
fortunate enough to witness the
performance of "H.M.S. Pina-
fore" in the Opera House last
Friday evening and thoroughly
enjoyed same.

A baseball match was played
at Community Hall on Friday
between Mona and Gore schools.
A few residents turned out to
witness the game. Both teachers
played and Mona pupils won.
The teachers are to be commended
on the interest they take in
sport for the children.

RUGBY NOTES

The Rugby W.I. visited with
Mrs. C. Brown this month. Seven-
teen members and two visitors were
present. Arrangements were made
for the sewing course which is to be
held next month at the home of
Mrs. J. Clarke. The resolutions
for the coming convention were dis-
cussed and voted on. After this,
Mrs. J. Hughes took charge of the
program which was on "Canadian-
ization." The meeting then ad-
journed and lunch was served by
our hostess. Next month the W.I.
will meet at the home of Mrs.
Wahl.

The return ball game between
Zella and Rugby schools was played
at Rugby last Friday evening. The
visitors played well, but the final
score was 7-3 in favor of the home
team. \$4.80 was collected for the
Junior Red Cross.

Westcott Notes.

There will be a meeting held on
Monday, May 25th in Westcott
School at 8.30 p.m. for the purpose
of taking up the matter of the pro-
posed building of a Community
Hall. All club members are request-
ed to attend. It is also proposed
to hold a ball game the same eve-
ning at 7 p.m. Married vs. Single.

Melvin Notes.

Mr. and Mrs. John Clarke
spent Mothers Day at the home
of Mr. and Mrs. Norman Clarke.

Mr. and Mrs. Tom Duncan
visited with Mr. and Mrs. Geo.
Youngs.

Mr. Sydney O'Brien spent
Sunday with Mr. and Mrs. Geo.
Youngs.

Mr. and Mrs. Glen Johnston
visited with friends at Cremona
on Tuesday.

Mr. Peter Johnston has just
received word from Victoria,
B.C. that his brother James is
seriously ill in the hospital there.

Ovin Swingle, Jack O'Connor
and Mr. and Mrs. A. Krebs took
a trip to Rocky Mountain House
on Sunday and returned via Red
Deer.

Scratch Pads may be obtained at
the Pioneer Office, for 5 cents.

Mothers' Day Service.

"A beautiful service" was the
expression used by many at the
close of the Mothers' Day service
in the Evangelical Church last
Sunday evening. The whole
atmosphere seemed to be hallow-
ed with the spirit of the occasion.
The address, based on "The Ideal
Motherhood of the Mother of
Jesus" was given by Mrs. Roppel
and received with more than
ordinary appreciation.

A spread of flowers in rich
profusion were brought from the
different homes of members of
the congregation and amongst
them was a select bouquet of red
and white carnations donated by
the Ladies Aid in honor of "Our
Mothers." At the conclusion of
the message, Rev. H. E. Roppel
made reference to the presence
of the two eldest mothers in the
membership of the church, whom
he named as Mrs. Hunsperger,
aged 83 and Mrs. Dickau, aged
79. These two mothers were
called to the platform where
little Harold Feeg presented a
bouquet of carnations from Mrs. Hun-
sperger, his great great-aunt
and Esther Dickau, grandchild of
Mrs. Dickau presented another
spray to the latter. Just at this
time the whole congregation
groaned in these mothers honor and
with tears in many eyes a song
swelled forth in unanimous
praise: "Blessed be the Tie that
binds." —Contributed.

Govt. Crop Report.

Issued by the Department of
Agriculture, Province of
Alberta.

There has been considerable soil-
drifting throughout the province,
crop damage from this cause
has not been serious to date. Very
little seed was in the ground at the
period of greatest soil-drifting.

The high temperatures of the past
few days have been favorable to
rapid germination where moisture
is sufficient and good stands are
expected. In the eastern parts of
Central and Southern Alberta the
moisture supply is insufficient and
uniform stands cannot be expected
unless rain comes early.

There is a tendency to decrease
the area sown to wheat and increase
the acreage of coarse grains and
fodder crops. In the drier areas
only well-prepared land such as
summerfallow is being sown to
wheat. If dry conditions continue,
a large part of the remaining area
will be summerfallowed; otherwise
coarse grains will be seeded. An
increase in the area devoted to
coarse grains and fodder crops will
be necessary to provide for the
increasing number of livestock being
kept.

Steps taken by the Dominion and
Provincial Governments, the Rail-
ways and Municipalities to provide
seed grain in areas where there was
a crop failure last year have been
adequate to the need. All districts
report a sufficient supply of good
seed.

There are isolated instances of
difficulty in financing the purchase
of tractor fuel. In the majority
of instances horses are available and
while tractors will be used less than
formerly, this will not result in
curtailing the crop acreage to any
extent.

If your Radio needs repairing or
modernizing, call at the Pioneer
Office. E. A. Ahlin is an expert
on battery sets.
